Professional Experience

The Boeing Company | Global Commercial Aerospace & Aviation

Everett, WA

Program Management – BCA (767) Intern

Jun. 2026 – Present

- Develop presentations and project status reports through Microsoft Excel, Project and process flows for program reviews, providing stakeholders with key performance insights, data-driven analysis, and actionable recommendations to support decision-making
- Support 767 program through facilitating cross-functional communication between engineering, supply chain and quality teams

Expeditors | Global Logistics & Freight Forwarding

Torrance, CA

Customs Brokerage Intern

Jun. 2025 – Aug. 2025

- Utilize Excel (PivotTables, XLOOKUP, INDEX) to track, clean, and analyze large customs data sets, generating detailed performance reports on key brokerage KPIs such as entry accuracy, release time, and billing cycles
- Collaborate with big stakeholders to identify and address pain points, providing tailored efficient solutions through the supply chain
- Reviewed 300+ import entry files weekly for U.S. Customs compliance and reduce clearance delays in accordance with timelines

Grandview Builder | Residential Contracting & Project Management

Hayward, CA

Project Manager

Jun. 2023 – Dec. 2023

- Delivered 4+ large-scale construction projects on time and under budget, saving over \$100K through cost saving negotiations, vendor management, and proactive timeline optimization to exceed client expectations
- Spearheaded procurement scheduling and vendor coordination efforts across multiple project phases, improving material delivery timelines by 20% and significantly minimizing project delays across projects

Relish | Influencer Marketing & Analytics Startup

San Francisco, CA

Management & Marketing Intern

Oct. 2024 – Jan. 2025

- Boosted customer acquisition by 25% through data-informed marketing campaigns, combining strategic social media strategy, audience segmentation, and CRM insights to drive target outreach and engagement
- Monitor and thoroughly analyze key marketing metrics and KPIs, providing detailed and insightful reports to management to evaluate campaign success and recommend future strategic adjustments for optimization

Projects & Leadership Experience

Vetra | Startup Operations Consulting

Los Angeles, CA

Program Lead

Aug. 2025 – Dec. 2025

- Founded Vetra, a modern Fractional COO service that provides part-time operational leadership to early-stage startups, helping teams scale efficiently and accurately without the high cost of a full-time executive.
- Designed and implemented custom operations frameworks for client startups, optimizing workflows, KPI tracking, and financial processes to improve efficiency and reduce critical organizational bottlenecks

Zovo | Rideshare Operations

Los Angeles, CA

Program Lead

Jul. 2025 – Oct. 2025

- Lead end-to-end development and daily operations of a rideshare platform offering guaranteed, prescheduled rides, aimed at closing key reliability gaps and enhancing user trust compared to competitors
- Designed, tested, and refined service models, dynamic pricing strategies, and driver incentive programs to maximize workability
